Email:

ASCIInc is a premiere Healthcare and Life Science Company that understands the labyrinth of possibilities involving immunization and vaccination programs utilizes an intelligent eidetic system including over 320 vaccines and pharmaceuticals currently deployed or in development available to be used to treat 23 classes of Category A, B, or C terrorism agents, from Anthrax to SARS: over 147 prophylactic vaccines are specifically highlighted and 176 therapeutic agents are online with current biological defense activities and profiles that detail current: products, agents, diseases, syndromes, prevalence, drugs, indications, contraindications, and vaccines in development or currently on the market.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months

old.
