A&L Agricultural Laboratories, Inc., was formed by Don Ankerman and Dr. Richard Large in 1971 to serve the agricultural industry with comprehensive analyses of soils, plants, water, feeds, fertilizers, and chemicals, along with interpretations and recommendations. The parent company began operations in Memphis, TN and has since grown to seven regional laboratory locations throughout the United States and one in Canada. This growth has been accomplished by providing quality service, innovations, and good management

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's relate service indepth.

The annual cost is \$495.00 for established organizations and \$295.00 for organizations less than 12 months

old.
