Advanced ChemTech offers a wide selection of fine chemical products for the Peptide and Pharmaceutical industries.

We offer, as our main focus, custom peptide and unusual amino acid synthesis. From our pilot plant, we offer customers scale-up services and bulk pricing on a broad range of organic chemicals. We also offer a catalog of over 1,100 amino acids, resins, peptides and reagents.

Our 20 years of experience span many aspects of synthetic organic and peptide chemistries. All of our products are manufactured to exacting quality control specifications and are provided with a lot-specific certificate of analysis. HPLC traces are provided when appropriate. We are committed to US-based manufacturing to ensure the quality and service that our customers demand.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic

- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
