United Kingdom

At AGR Automation, we feel we have built up an unrivalled reputation as the UK's leading designer and manufacturer of high speed automated machinery for a global client base. We have a lifetime of experience at AGR Automation, and offer a comprehensive product profile. High speed linear, rotary and flexible assembly systems, Vibratory bowls and vibratory tracks, Cannulator feed system, Automated syringe loading system, Rotafeed – centrifugal feed system, Robotics, Multi-lane feed systems, Skiving machine, Hoppers and elevators and a range of product accessories. AGR's experience has been developed in the challenging markets of medical device, pharma/drug delivery and high volume consumer disposables. New challenges are a common occurrence to us from market led manufacturers who are seeking to push back the boundaries of efficient parts orientation, handling and assembly

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
