Eurofins Scientific is a leading international group of laboratories providing a comprehensive range of bio-analytical testing and support services to the food, pharmaceutical and environmental industries. Comprehensive services and unmatched expertise

Eurofins is one of the worldwide leaders in this field of bio-analytical services. The Group has over 2,800 staff in more than 50 laboratories across 15 countries. It offers a portfolio of over 10,000 reliable analytical methods for proving the safety, identity, purity, authenticity and origin of products and biological substances. Through R&D, in-licensing and acquisitions, the Group draws on the latest developments in the field to offer customers unique analytical solutions. A commitment to top quality The Eurofins Group is committed to provide customers with the highest quality services, accurate results in time and, if requested, expert advice by our highly educated staff. It will continue to develop and apply the most comprehensive range of testing methods including state-of-the-art analytical technologies. The Group supports its customers' increasingly stringent quality and safety standards and the demands of regulatory authorities around the world.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
