Canada

AIM Health Group is a fully integrated Canadian health care company that offers comprehensive services to individuals that are ill, injured, or disabled, and to individuals requiring life style interventions to improve their quality of life (wellness). This philosophy translates into a continuum of health delivery where the individual's health care is integrated with the various service providers through a complex public-private delivery model. This continuum of care model is the core concept of AIM Health Group's integrated service and delivery model. AIM Health Group's five integrated business health delivery divisions integrate all aspects of health care from clinical research, medical assessments, occupational health, multi-disciplinary rehabilitation, medical acute care, family practice and specialty clinics. AHG provides the most comprehensive health services through dedicated professionals who are all part of a successful and growing organization that fosters excellence in managing the individuals health through clinical consensus contribution.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
