Allen & Caron has, for more than 25 years, provided investor relations, media relations and corporate communications services to micro-, small- and mid-cap companies. Located in New York City, Irvine CA, London and Paris,, Allen & Caron is one of very few independently owned investor relations firms with a truly international reach. Most of our clients are US corporations headquartered in the US and trading on US exchanges, but we have developed a wide-ranging expertise as well in dealing with international corporations. Many clients are headquartered in Europe or Asia, but are trading on US exchanges, some with ADRs or GDRs, and others with "native" US shares. Some clients trade on multiple exchanges, and we are adept at understanding and applying the rules and customs of different exchanges.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
