Ansell Limited is the new name of the Company formerly known as Pacific Dunlop Limited. The Company's name was changed in April 2002 as a result of a strategic repositioning of the Company to concentrate on its core business, protective products and services in a broad healthcare context, and following the disposition of a series of other business units that did not fit within the strategy. The new direction now being taken by the Company leverages the solid foundation provided by the Ansell Healthcare business that has been a major part of the parent company's portfolio of businesses since it was acquired in 1969. Ansell Limited, as the company is now known, has a long and distinguished career dating back to when its first business, pneumatic bicycle tyre manufacture, commenced in Australia in 1889. Since its commencement the company has changed its name on many occasions to reflect the nature of the businesses in which it was involved at the time. Ansell Limited is an Australian publicly listed company with its Corporate Head Office located in Richmond, Australia. The Company is listed on the Australian Stock Exchange as its home exchange and has listings on the London and New Zealand exchanges. In the US, Ansell Limited shares are traded in the form of American Depositary Receipts (ADR's) on the NASDAQ.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
