Aptuit, Inc. is a company focused on streamlining and supporting the drug development process for biotechnology and pharmaceutical innovators. The company was founded by a group of industry experts with extensive market experience, who have a track record of building a similar, highly successful company through acquisitions and investment. Aptuit recently completed three significant acquisitions, Quintiles Early Development and Packaging business units, Almedica International, and InfoPro Solutions, firmly establishing the Company as a leading player in the provision of drug development services and the largest global provider of clinical packaging and logistics services by capacity. Today, Aptuit provides a comprehensive suite of drug development services and competencies to more than 250 pharmaceutical and biotechnology companies worldwide.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
