Botanical Enterprises, Inc. (BEI) has been active in the field of botanical medicine since 1992 and was formally incorporated in Delaware in 1997. It is structured as a privately held "virtual" equity holding company for Joint Ventures and other working relationships.

BEI implements its development activities through cooperative working relationships with partners in the countries of product origin and the US. These partnerships identify, develop and license or commercialize science based botanical\* products as both physician based pharmaceuticals and consumer health products

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
