Dr. Benohanian has been treating Hyperhidrosis since 1978. He has developed a new formulation of topical aluminum chloride in a salicylic acid gel which helped many people to avoid surgery.

For those who do not respond to topical treatments, Dr. Benohanian is now using Botox to treat axillary, craniofacial and inguinal hyperhidrosis. With regard to hyperhidrosis of the hands and feet, many physicians are hesitant to treat these anatomical sites because the procedure is much more complex necessitating regional or general anesthesia to avoid the intense pain during Botox injection with needle.

Dr. Benohanian has elaborated a new technique to treat palmar and plantar hyperhidrosis which involves painless needle-free anesthesia, in tiny amounts (0.02 to 1.04 mL), prior to Botox injection with needle.

Needle free anesthesia is accomplished through a device, specially tailored for that purpose: the MED-JET by MIT Canada, a subsidiary of Medical International Technology USA).

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
