BIOSERV Medical Devices is a business segment of BIOSERV Analytics and Medical Devices Ltd. (BIOSERV Analytik und Medizinprodukte GmbH), which is also offering several ready-for-use in vitro diagnostic kits (BIOSERV Diagnostics) and laboratory services in food analysis. The headquarters of BIOSERV Diagnostics is situated in Rostock, a lovely harbour city and sea-side resort at the Baltic Sea in the north-eastern federal state of Mecklenburg Western-Pomerania, about 2 hours from Hamburg and from Berlin, respectively.

For more than 10 years now BIOSERV develops and produces ready-to-use diagnostic kits to meet the needs of the world's markets. Our laboratories, supplied with state of the art equipment, develop and produce in-vitro test kits complying with the highest international standards.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
