Fisher Scientific Ltd. originated from the merger of Winiger Ltd and Bioblock Ltd and supplies the entire Swiss laboratory market with consumables, instruments and chemicals from the small order up to the fully equipped laboratory project.

With our logistic centre in Wohlen/AG we can guarantee an easy and fast shipment for all incoming orders.

All regularly ordered products are hold on stock in sufficient quantities (stock volume over 18'000 m³).

Fisher Scientific Ltd is in permanent contact with more than 700 suppliers worldwide, many of them cooperate exclusively with Fisher Scientific Ltd. The main Fisher Catalogue 2005 and the Fisher Chemicals Catalogue 2004-2005 present our attractive sales program in colour. Fisher Scientific Ltd is active in the fields Life Sciences, Biotechnologies, Micro- and Molecularbiologies, Food Development, Quality controls, etc.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search

- engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
