Pediatric Ear, Nose & Throat of Atlanta, P.C. (PENTA) was founded by Benjamin White, M.D., in 1987 to address the ear, nose and throat needs of children in the Atlanta area. James Thomsen, M.D., joined Dr. White in 1991 and Verlia Gower, M.D. joined the practice in 1997. In 1999 Norman Novelty, D.O. joined PENTA followed by Wendell Todd, M.D. in 2000. Brian Herrmann, M.D. started with the practice in 2004. Each physician is not only board certified but also has either completed or directed a fellowship in pediatric otolaryngology. Dr. White completed his fellowship under Dr. Charles Bluestone at Children's Hospital of Pittsburgh, Dr. Thomsen under Dr. Kenneth Grundfast at Children's National Medical Center in WashingtonD.C., Dr. Gower under Dr. Walter Belenky at Children's Hospital of Michigan in Detroit, and Dr. Novelty under Dr. Robin Cotton at Children's HospitalMedicalCenter in Cincinnati. Dr. Todd was the Director of the Fellowship Program in Pediatric Otolaryngology at EmoryUniversity. Dr. Herrmann completed his fellowship at Washington University School of Medicine in Saint Louis under the direction of Dr. Randall Clary. All of our physicians have been trained in and adhere to the same basic tenant of conservative and thorough care, putting children and their families first. Our practice philosophy, stated in this website, reflects our beliefs and actions.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
