With its strategy "All it takes to operate" the Aesculap Division focuses on everything required for the core processes in the operating theatre and cath lab. This includes surgical instruments for open and minimally invasive access, catheter systems for interventional therapies, motor systems, endoscopes, high frequency equipment and navigation systems – here Aesculap is the acknowledged world leader. Sutures, both absorbable and non-absorbable and various container and storage systems also form part of the core process. In implants, Aesculap is among the best in the field, with emphasis on orthopaedics, neurosurgery as well as for cardiovascular and spinal therapies. Aesculap goes one step further, putting new meaning into "All it takes to operate", offering comprehensive instrument management systems, procedure kits and trendsetting services. Through the Aesculap Academy world class multi-faceted training and education programmes are developed. In short: Aesculap delivers a unique Global Service.

Come with us as we take a larger view, and discover the rich product portfolio and Global Service of the Aesculap Division.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months

old.
