Long before the beauty world discovered dermatologic skincare brands, there was DDF, the first prestige skincare company to address skincare by real concerns. Doctor's Dermatologic Formula (DDF) is legendary for its Cleanse, Protect, Treat approach to the science of beautiful skin. DDF founders Dr. Howard Sobel, M.D., P.C., F.A.A.C.S., and Elaine Linker, Nutritional Consultant, along with a team of biochemists, lead the company in formulating breakthrough skincare formulations based on trusted medical practices. Integrated with cellular and nutritional science, DDF Skincare delivers fast acting results, corrects existing damage and prevents future skin concerns.

HDS Cosmetic Lab, Inc. was founded in 1991 by world-renowned dermatologist, Dr. Howard Sobel, M.D., to provide his patients with over-the-counter products that deliver professional results without a prescription. In 1993, Elaine Linker joined DDF with the goal of establishing a brand that identifies the real-life needs of women and men seeking healthy, clear and vibrant skin.

Together they created the Cleanse, Protect, Treat protocol which considers the health of skin by focusing on concerns including Anti-Aging Preventative, Anti-Aging Restorative, Acne/Blemish, Sensitive/Allergic, Hyperpigmentation and Body/Sun.

DDF has achieved worldwide distribution and is available at the most exclusive department stores, boutiques and spas. True to its origins in the Medical/Spa market, the company offers a complete professional line of products for all spas. The company is also esteemed for its focus on consumer education.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core

information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
