### Iran

Farhad Hafezi, graduated from Alborz High School in Tehran in 1971, passed the national universities entrance exam with honor degree (first 20 among 80'000) and entered the Shiraz University medical school (formerly Pahlavi University) in the same year. He received his Medical Doctor degree 1979with honor, (top ten percent). He attended the Shiraz University department of General surgery for his surgical residency programs and received Board of General surgery in1987. His academic achievements placed him in the Iran University of medical sciences as an assistant professor of general surgery. He completed his plastic surgery fellowship at Hospital for Sick Children and Mount Vernon Hospital in London, England. Dr. Hafezi is a board certified Plastic Surgeon, the only plastic surgery certificate recognized by the Board of Medical Specialties at ministry of health. He also has the honor of being a Fellow of the American College of Surgeons since 2002 (FACS).

He was elected in 1997 by his peers and colleagues as member of board directory of Iranian society of plastic, reconstructive and aesthetic surgeons which repeated for three consecutive periods. Dr. Hafezi was promoted to associate professor in the field of plastic and reconstructive surgery on April 2005. Eighteen years of extensive work in the field of plastic surgery has allowed Dr. Hafezi to develop an expertise in Rhinoplasty, Facial rejuvenation, Endoscopic Brow lift Breast modifications, Liposculpture and advanced body contouring techniques through mini cannula and Tumescant liposuction.

Dr. Farhad Hafezi is the active plastic surgeon at the Arad general Hospital Tehran, where he not only practices the art of Plastic Surgery but provides advice and guidance to aspiring plastic surgeons. Dr. Hafezi has been a member of the Iran Surgical Society since 1986 and attained Board Certification both in general and Plastic Surgery.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
