Eurofins US is a commercial laboratory network with several locations throughout the United States. Our scientific staff has many years of experience with a broad range of laboratory methods from wet chemistry to Real-time Quantitative PCR to microbiological analyses. Our goal is to be the bioanalytical company of choice for the US food, feed, pet food, animal health, dietary supplement and biotech industries. The strength of Eurofins US lies in our commitment to outstanding client service, high quality standards and scientific excellence. Our scientific and client service staff acts as a partner to our clients to find the most cost effective and complete analytical solutions to meet their needs.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search

- engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
