Eurofins Scientific is a biotechnology company providing a comprehensive range of bioanalytical support services to the food, feed, dietary supplement, animal health, biotech and pet food industries. Eurofins provides the North American market with complete analytical solutions supported by a commitment to excellent customer service, high quality standards and scientific expertise. Our objective is to be the bioanalytical company of choice in the US. In order to fulfill this objective, Eurofins has made several strategic acquisitions of leading commercial laboratories in the United States that provide analytical services to key industry groups such as agribusiness, dietary supplements and biotechnology.

Woodson-Tenent Laboratories, serving the agrifood industry since 1933, and Alpha Laboratories, a leading analytical and research laboratory to the dietary supplement and sports nutrition industries, are two laboratories acquired by Eurofins Scientific to create a network of US laboratories capable of providing complete analytical solutions. In 2003, Eurofins Scientific grew to include GeneScan USA, the world leader in GMO detection and Identity Preservation services. Today, the Eurofins US group includes laboratories located in Des Moines, Iowa; Memphis, Tennessee; New Orleans, Louisiana; and Petaluma, California. We also have more than one dozen grain inspection operations located throughout the central United States. Our US Corporate Headquarters is located in Memphis, Tennessee.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
