O Curso de Farmácia foi criado pela Congregação da Escola Livre de Odontologia de Belo Horizonte por projeto apresentado pelo Prof. J. J. Gama Cerqueira, em 27 de agosto de 1911. O curso, com 3 anos de duração, foi instalado em 1916, tendo 10 alunos inscritos e a Escola, denominada de Escola Livre de Odontologia e Farmácia de Belo Horizonte, funcionava na Rua Timbiras, 1595. Em 10 de setembro de 1917, pelo Decreto no 690, assinado pelo Presidente Delfim Moreira, foi permitido o registro oficial dos diplomas expedidos por ela. Mesmo tendo somente dois anos de funcionamento, no ano de 1918 passa por reformas no ensino, em função de novas exigências federais. A sua sede é transferida para a Rua da Bahia, 1500, em 1919 e o reconhecimento, pelo Conselho Superior de Ensino, ocorre em 1920. Neste mesmo ano é lançada a semente para a criação da Universidade de Minas Gerais, pela Lei Melo Viana, votada no Congresso Mineiro sob o no 895, datada de 10 de setembro de 1925. Nesta Lei, no artigo nono, recomenda-se um acordo entre os estabelecimentos de ensino superior, existentes na época, para compor a Universidade de Minas Gerais. As Escolas de Odontologia e Farmácia e de Engenharia e as Faculdades de Medicina e de Direito unem-se neste sentido e em 07 de setembro de 1927, o Presidente Antônio Carlos Ribeiro de Andrada assina a Lei no 956, criando a Universidade de Minas Gerais (UMG). A Escola passa a ser denominada de Faculdade de Odontologia e Farmácia da UMG. A mudança da Faculdade para a Praça da Liberdade ocorre em 1931, e no ano de 1953 ela se transfere para a sua sede própria, situada à Rua Conde de Linhares, 7, na Cidade Jardim. Neste ano o curso de bacharelado em Farmácia passa a ser denominado de Farmácia-Química, com duração de 4 anos, formando o profissional Farmacêutico-Químico. Em 1960 iniciam-se os entendimentos visando a separação dos dois cursos, Farmácia e Odontologia. Nesta época, foram iniciadas as fundações do atual prédio da Faculdade de Farmácia na Av. Olegário Maciel, 2360. Os dois Cursos foram separados em 9 de fevereiro de 1963, pela Lei no 4.208 e foram criadas a Faculdade de Farmácia e a Faculdade de Odontologia. Em 24 de janeiro de 1964 mudou-se a denominação para Faculdade de Farmácia e Bioquímica e as modalidades para o Curso, o Farmacêutico-Bioquímico, com opção pelas Análises Clínicas e o Farmacêutico Industrial, com opção em Indústria Farmacêutica, englobando a área de Alimentos, foram criadas em 1966. Pelo Decreto no 62.317, de 28 de fevereiro de 1968, a Faculdade de Farmácia e Bioquímica passou a ser denominada de Faculdade de Farmácia da UFMG.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services.

BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
