The exponential increase in the number of targets has created vast opportunities and even greater challenges. More drug candidates must be achieved with shorter times-to-market, making reliable and cost-effective research support a critical factor for success.

At GVK BIO, we provide contract research services to a rapidly growing base of global pharmaceutical and biotechnology companies. We combine Science, Innovation and People to help our clients address their drug development challenges. New frontiers require new ways of working and we believe that to deliver the true promise of science, innovation is necessary. Our customers benefit not just from lower costs and boosted efficiencies, but also from the infusion of fresh ideas and thinking.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
