Hauser Laboratories is a research and development testing laboratory that provides research, development, testing, and expert witness services to the following industries: pharmaceutical, natural products, dietary supplement, medical device, legal and insurance, and consumer and industrial products. Since 1961 Hauser has earned the reputation of providing the highest quality services and is known for its ability to develop customized programs to solve unusual or unique client needs. Hauser Laboratories offers a broad range of state-of-the-art testing equipment to serve our clients. Our staff includes chemists, mechanical and chemical engineers, and other scientists, many of whom have advanced/graduate degrees

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
