AMJ Laboratory Services Ltd was incorporated in 1990. The laboratory was originally situated in Guelph Ontario and moved to the Henderson Research Centre in 1994.

To better reflect our work, the name Hemostasis Reference Laboratory was registered with the Ontario Government and is used for all contracts, advertisements and publications.

Since our move to Hamilton, we have enjoyed steady growth and have continuously added new assays to our testing services.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
