The first medical college in history was the Boston Female Medical College , founded in 1848 by homeopathic physician Samuel Gregory. In 1852 it changed its name to the New England Female Medical College . And in 1873, it merged with another homeopathic medical school, Boston University School of Medicine. Boston University School of Medicine: A Homeopathic School! Boston University was founded in 1867, initially as the New England Homeopathic Medi-cal College . Founded by Dr. David Thayer (homeopath and member of the Massachusetts state legislature), Otis Clapp (famous homeopathic pharmacist), and Daniel B. Stedman. The faculty at Harvard opposed the bill that was submitted to the state legislature to accept the charter of the college.
