The first medical college in history was the Boston Female Medical College , founded in 1848 by homeopathic physician Samuel Gregory. In 1852 it changed its name to the New England Female Medical College . And in 1873, it merged with another homeopathic medical school, Boston University School of Medicine. Boston University School of Medicine: A Homeopathic School! Boston University was founded in 1867, initially as the New England Homeopathic Medi-cal College . Founded by Dr. David Thayer (homeopath and member of the Massachusetts state legislature), Otis Clapp (famous homeopathic pharmacist), and Daniel B. Stedman. The faculty at Harvard opposed the bill that was submitted to the state legislature to accept the charter of the college.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCororporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
