IT Executive is a leading independent supplier of local, national and international IT candidates to a wide range of financial, commercial and government organisations. Since our establishment in 1997, we have grown to become one of the most respected suppliers of IT industry specialists throughout the UK, Europe and the USA. IT Executive has established a reputation for providing a high quality, professional and effective resourcing service. We concentrate on working in partnership with our clients and work with a small number of businesses on an intimate basis, focusing on their individual needs and requirements. We endeavour to gain a full understanding of our client's business, technical environment and culture, in order to present only the most suitable candidates for any role.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
