When cancer strikes, your first chance is your best chance. And your best chance is at the Barbara Ann Karmanos Cancer Institute. Backed by state-of-the-science cancer research conducted right here in Detroit, the Institute is the only cancer center in southeast Michigan where teams of cancer experts diagnose patients with world-class precision and compassionate care. We work with hundreds of doctors statewide to arrange for care convenient for patients and families. Together, our cancer teams and your doctor can recommend the best treatment options with the Institute's immediate access to the latest cancer-fighting drugs and therapies

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
