Licata & Tyrrell P.C. concentrates in intellectual property and FDA law. We have a particularly strong expertise in biotechnology and medical patent law. We work with universities, premier biotech companies and large, multinational companies in the preparation, filing and/or prosecution of patent applications in the U.S. and abroad. We also handle copyright and trademark matters, assist in the licensing of technology and provide assistance in obtaining FDA approval to market drugs, devices and biologics in the United States. We also have experience in highly technical biotechnology infringement litigation and can provide assistance in selecting and preparing expert witnesses for deposition and trial in this field.

Recent Publications by Licata & Tyrrell P.C.:

- [MINT, the molecular interaction database: 2009 update.](#)
MINT (<http://mint.bio.uniroma2.it/mint>) is a public repository for... 10th November, 2009
Department of Biology, University of Rome Tor Vergata, Via della Ricerca- Nucleic Acids Res. 2009 Nov 6. ([DOI Direct Link](#))

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
