Life Chemicals Inc. (formerly I.F. Lab Ltd.), Burlington, Canada, specialises in state-of the-art organic synthesis for high-throughput screening. Established in Kiev, Ukraine, in 1995, the Company was launched as a private small business to rapidly become one of internationally recognised producers and suppliers of original HTS compounds and related services. This year Life Chemicals proudly celebrates its 10-year anniversary with inspiring achievements. Over these years the Company has not only maintained and strengthened its prominent position by integrating cutting-edge chemical knowledge with innovative technology but also has created good grounds for its confident growth in the future. Fostering the Company's development, Life Chemicals management pays special attention to increasing and up-grading production, enhancing quality control, modernising facilities and equipment to provide first-class products and services. Today they include the following:

- Drug-like and lead-like compounds for HTS;
- Carefully designed targeted libraries;
- Core building blocks;
- Custom synthesis projects.

As an advanced synthetic laboratory Life Chemicals employs high skills and research abilities of more than 80 qualified professionals. It also takes advantage of its co-operation with 14 leading Universities, Academic and industrial laboratories of Ukraine and is the largest exporter of their HTS compounds. It should be mentioned that the Company is among the few exporters of Ukrainian high-tech products for use in pharmaceutical, biotech and agrochemical applications.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
