Email:

Headquartered in Sunnyvale, California, Cepheid is dedicated to applying breakthrough microfluidics and microelectronics technologies to revolutionary test systems for DNA analysis applications. We refer to this remarkable merger between microelectronics and molecular biology as Cepheid microDiagnostics™. Cepheid is assembling a portfolio of proprietary technology platforms to enable complete, cost-effective automation of complex DNA detection procedures, from sample preparation and processing through real-time analysis and detection

Recent Publications by Cepheid:

- [Development of an integrated assay for detection of BCR-ABL RNA.](#)
BACKGROUND: Current practice guidelines for managing patients with chronic...29th September, 2007
Cepheid,- Clin Chem. 2007 Sep;53(9):1593-600. Epub 2007 Jul 27. ([DOI Direct Link](#))
- [A real-time PCR assay for the rapid determination of 16S rRNA genotype in Vibrio vulnificus.](#)
In a terminal restriction fragment polymorphism (T-RFLP) study, we...6th April, 2007
Gulf Coast Seafood Laboratory, U. S. Food and Drug Administration, Dauphin- J Microbiol Methods. 2007 Feb;68(2):376-84. Epub 2006 Oct 27. ([DOI Direct Link](#))
- [Standards and controls for genetic testing.](#)
The majority of genetic tests done today are completely home brew assays....24th February, 2007
Business Development, Cepheid, 904 Caribbean Drive, Sunnyvale, CA 94089,- Cancer Biomark. 2005;1(4-5):217-20.
- [Human genomic DNA analysis using a semi-automated sample preparation, amplification, and electrophoresis separation platform.](#)
The growing importance of analyzing the human genome to detect hereditary...16th September, 2004

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's relate service indepth.

The annual cost is \$495.00 for established organizations and \$295.00 for organizations less than 12 months old.
