Metabolic Solutions provides a mass spectrometry analytical service to assist physicians, biomedical and pharmaceutical researchers to use stable isotope tracer technology to answer questions about metabolism, nutrition and the presence of disease. For Physicians:

Metabolic Solutions is an independent, CLIA Certified, clinical laboratory that provides kits and analysis for the Urea Breath Test to detect Helicobacter pylori (H. pylori) infection and the Hydrogen Breath Test for determining small intestinal bacterial overgrowth, lactose intolerance, and fructose malabsorption. Our laboratory is licensed to provide clinical lab services in all 50 states. All specimens are processed and results reported within 24 hours of receipt. Our lab processes more breath specimens than any other in the United States. Most important, these breath tests are made available at no financial risk to your practice.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services.

BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership

username and password

- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
