Mary Free Bed Rehabilitation Hospital originated in 1891 when a small group of Grand Rapids women recognized the need for medical care for patients of limited financial means in our community. They embarked on a fund-raising campaign to secure the use of a free bed in one of the local hospitals. The group solicited financial support from the Grand Rapids community, asking for contributions from everyone named Mary, as well as from those having friends or relatives with the name. They soon raised enough money to endow a free bed, which subsequently became known as the Mary Free Bed. As the fund and community need grew, the women's group became incorporated as the Mary Free Bed Guild of Grand Rapids. Mary Free Bed is one of the few hospitals in the country still owned and operated by a women's guild. Today, Mary Free Bed Rehabilitation Hospital is a free-standing, 80-bed non-profit organization devoted exclusively to comprehensive rehabilitation for adults and children. Mary Free Bed offers a wide array of inpatient and outpatient programs, physical therapy clinics, and specialty medical treatment services for adults and children throughout Michigan, the Great Lakes, the Midwest states, and beyond.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
