Midwest Institute For Clinical Research® is a private research organization, established in the summer of 1988 to develop and implement clinical trials (Phase II-IV) in the Indianapolis metropolitan area. Our program is dedicated to provide the highest quality service to the pharmaceutical and medical device industry as well as to the volunteers who participate in these clinical trials. It is based upon the following features:

Experienced physicians who serve as the principal investigator and/or subinvestigator for all protocols. One or more of the physicians are in the office during all regular business hours to implement protocols and to ensure patient safety for all of the studies.

Experienced, full-time staff of study coordinators and study coordinator associates dedicated solely to the implementation of clinical trials.

Staff dietitians available for diabetic and cholesterol counseling.

Staff recruiters dedicated exclusively to patient recruitment.

Spacious office suite (9,000 square feet) conveniently located on North Meridian Street with easy access to all parts of Indianapolis and surrounding counties via Interstate 465.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
