Mindray is a leading medical device designer and manufacturer in China and at the same time has won fame in the global market for its initiative and world-class products. Since its establishment in 1991, Mindray has been devoted itself to R&D and manufacture of medical devices including patient monitors, clinical laboratory instruments and reagent, and ultrasound imaging systems. Mindray's price-performance products are being extended all over the world.

Mindray's headquarters are located in Shenzhen, with 29 offices in major cities of China, as well as representative offices in USA, Canada, UK, Turkey and Hong Kong. In addition, a solid distribution network has been established around the world to market Mindray's products and serve customers.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
