The Welch Allyn monitoring business designs, manufactures and markets mission-critical monitoring products and solutions that improve patient care and lower healthcare operating costs. We use innovative computer software technologies to provide leading edge patient monitoring devices and vital patient data to connect clinicians with mobile patients via workstations and wireless devices. As a company, we at Welch Allyn are dedicated to providing these industry-leading solutions through teamwork, superior technology and the highest business standards. Today there are more than 85,000 Welch Allyn Propaq®[®], Vital Signs Monitor, and Atlas[®] monitors in operation in 90 different countries, with the Welch Allyn Propaq monitors recognized as the worldwide leader in field military monitoring applications.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
