Northwest Asthma & Allergy Center (NAAC) has clinics in Washington and Alaska that specialize in the diagnosis and treatment of asthma, allergies, ear and sinus problems, excema, hives, recurrent infections, and environmental reactions. Our medical staff are specialists that have been certified by the American Board of Allergy and Immunology. In addition, they are trained in pediatrics or internal medicine, and are certified by the American Board of Pediatrics or American Board of Internal Medicine. Our medical staff are also members of the clinical faculty of the University of Washington School of Medicine and its affiliated hospitals

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
