Peck Bloom was created by the merger of Kerry R. Peck and Associates and Mass and Miller in 1998, which brought together attorneys from two firms that were highly regarded for both their litigation and transactional skills. The merger created a unique firm that provides excellent representation from estate and business planning to litigation. The addition of new attorneys added expertise in complex real estate transactions and litigation, which allows us to provide full service representation to all clients.

Today the firm has expanded to over 12 attorneys and a comparable support staff. Our staff is as diverse as the legal services we provide. We have staff that speak several languages, including Tagalog. We have several individuals who serve on the Women’s Bar Association of Illinois, as well as in a variety of other diverse professional organizations. And we have a strong display of civic and bar leadership from our attorneys (see Professional Leadership and Community Involvement), including Kerry R. Peck, who had the honor to serve as President of the 22,000 member Chicago Bar Association.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
