A survey in the fall of 1999 by US Consumer Reports showed that buyers could save as much as 29 percent by obtaining certain drugs from a Canadian pharmacy. Purchasing online from a Canadian pharmacy can yield much larger savings of up to 50% on average compared to buying those same drugs "discounted" by Medicare. Prescription drugs bought from Canadian pharmacies are the same high quality, brand name medications as you buy locally but at affordable prices. CanDrugstore.com is the established online outlet for a chain of well-respected retail Canadian pharmacies. They are renowned for top flight personal service, knowledgeable staff and possess an excellent reputation for making deliveries as promised.

CanDrugstore.com does not prescribe or dispense medications. Dispensing of medications is always done by registered pharmacists. Our retail network of Canadian pharmacies fills prescriptions only after review by a physician, ensuring the highest quality controls every time.

CanDrugstore.com also offers some drugs online without a prescription. Nonprescription products include custom compounds, pet medications, and medical supplies. And best of all, almost anyone can purchase through our website at prices markedly discounted. It's no wonder then that thousands of people are now choosing to purchase their medications from this Canadian pharmacy!

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service

- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
