Prelude is an independent venture capital company specialising in investments in seed, start-up and early stage businesses on the leading edge of new developments in the physical and life sciences and other technologies. Prelude invests in teams that can take proprietary technology and with the capital and support provided, build companies that become leaders in major world markets.

Prelude invests in sectors that include information technology, communications, advanced materials, sensors and semiconductors. Life science investments include healthcare, drug discovery and medical devices companies.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
