### India

We are a premier pharmaceutical manufacturing company of north India with more than 20 years of experience in pharmaceutical contract manufacturing. Our products have been accepted and appreciated by the medical fraternity for their consistent quality.

In the late 70's Dr. K. S. Sawhney a pioneer, visionary and a social activist felt a need to provide better Health Solutions to the population of India. His commitment to this social cause resulted in the founding of the company in 1981. Working under his able guidance are a team of experienced and energetic young professionals with the capacity to take up any challenging assignment.

The new era of WTO Compliance, patents bill, etc have created uncertainty, while also increasing the risks and the opportunities. In the two and a half decades since our founding, our reputation for quality has kept our sales growing to the point where the present capacity had become inadequate. Keeping this and the new business/regulatory environment in view, we have re-located our manufacturing operations to a new state-of-the-art plant in excise exempted area at Barotiwala in Baddi District, located 25 km from Panchkula / Chandigarh, in Himachal Pradesh. Spread over 2700 sq yds of lush green foliage, picturesque surroundings, the site is different from the humdrum of typical industrial area and free from congestion and pollution.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
