Shield Medicare is a market leader in the supply of specialist contamination control products to pharmaceutical, biotechnology, healthcare and medical device industries worldwide.

Experienced cGMP manufacturer

With 15 years experience of high quality manufacturing in cleanrooms to cGMP standards, we fully understand the needs and concerns of our customers. We specialise in meeting the requirements of pharmaceutical and medical cleanrooms, whose needs are often very different from those of electronics cleanrooms.

We offer technical expertise, extensive processing capability and a well-deserved reputation for innovation, proven by awards from the cleanroom industry. We regularly present at seminars and conferences and technical publications invite us to write for them on various aspects of contamination control in cleanrooms. We operate several Grade B and Grade C cleanrooms at our manufacturing facilities in Wales. The facilities are continually expanding and upgrading to meet the latest GMP recommendations and maintain the highest possible standards of manufacture. This includes a new purpose-built, state-of-the-art manufacturing facility, due for completion in 2006, that will provide four times the manufacturing capacity. Modern production scheduling systems ensure efficient stock control, enabling fast delivery times.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
