SK TechGroup combines a thorough understanding of the dental industry with a passion to help improve practices through technology. At SK Tech Group, we believe that technology must be represented as one of the many instruments dentists use to provide care to the community they serve. SK Tech Group is a full-service dental technology integration and support company. We provide consulting, sales, installation, and ongoing support for a wide variety of technologies in dental practices throughout Eastern Pennsylvania, Delaware, and New Jersey

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
