The Center for Sleep & Wake Disorders is a full service sleep center caring for patients with all disorders of sleep and wakefulness. Patients enjoy the advantages of an expertly trained staff, the latest diagnostic equipment, and personalized attention in a quiet and comfortable out-patient atmosphere. Our mission at The Center for Sleep & Wake Disorders is to provide high quality, compassionate medical care on an individualized basis to all of our patients. We understand the major impact that sleep disorders have on quality of life and believe in the importance of a thorough evaluation. We believe successful treatment requires active patient participation and patient and public education is critical to the process

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
