Statwood is a UK based, independent, specialist Biometrics company offering flexible Data Management, Statistics and Medical Writing services, tailored to meet your needs.

Established in 1994 with clients ranging from small biotechnology companies to global pharmaceutical giants, we have an in-depth understanding of the clinical trial process with a team of Data Managers, Statisticians and Medical Writers who have extensive experience of working across all phases of clinical development. Our expanding client-base in the UK, Scandinavia, Western and Central Europe and the U.S. has focused our attention on the merits of effective communication and customer specific service. We are also recognised as a quality partner by our current clientele, who regularly provide us with repeat business.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services.

BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
