StemPath is privately held and has its headquarters based in Ottawa, Ontario. The Company has laboratory operations on the campus of the Ottawa Health Research Institute. StemPath Inc. represents one of the few companies taking a traditional therapeutic drug approach to regenerative medicine.

StemPath aims to become the first, pharmaceutical company specializing in therapeutic solutions that modulate the body's natural regenerative capacity - endogenously replacing damaged tissues with new tissues - by intervention with novel small molecule and biological drugs. The company's initial focus is in cardiac and skeletal muscle myopathies.

Currently at the discovery stage, StemPath is engaged in in vivo proof of concept experiments and anticipates entering into preclinical testing by early 2007.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
