Established in 1990, Strides is one of India's leading integrated manufacturer and exporter of finished pharmaceutical dosage forms – both branded and generic. We are a significant global player in soft gelatin capsules and sterile parenterals with quality standards that meet the most stringent regulated market standards.

We have 12 world-class plants in India, U.S.A, Brazil, Mexico and Italy offering our partners the advantage of multi-locational product sourcing.

We are among the world's top 5 soft gel capsule manufacturers with plants in India and an US FDA inspected plant in the U.S.A.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
