Summex is a national provider of health management services for large-scale employers. Our wellness programs are proven proactive tools that: Help employees avoid preventable illnesses & measurably improve their health

Increase worksite productivity & reduce absenteeism

Tangibly reduce health care costs

Summex helps businesses by developing, implementing and managing comprehensive wellness programs that include a customizable combination of health risk assessments, personal coaching, ongoing lifestyle education and financial incentives. All of our services are designed to change high-risk behaviors that lead to illnesses and high medical costs. For example, by making lifestyle changes that eliminate risk factors like high blood pressure, obesity and smoking, employees can prevent heart attacks, strokes, diabetes and cancer.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
