Nunhems is a world leader in the development, production and marketing of hybrid vegetable seed and seed technology. For more than 160 years, the company has emphasized quality in every step of our operations from the development of high-yielding, disease resistant varieties to our highly trained technical and support staff. Headquartered in Parma, Idaho, Nunhems USA traces its roots to 1845, when a small seed operation, the Plant Seed Company, opened for business in St. Louis, Missouri. In the ensuing years, the Company moved west and merged with several other seed companies, including Sunseeds, Keystone Seed, Desert Seed and Castle Seed. In 1997, Sunseeds became part of the Nunza B.V. group of companies, which markets the Nunhems brand throughout the world. Development, production and marketing of hybrid vegetable seed and seed technology. For more than 160 years, the company has emphasized quality in every step of our operations from the development of high-yielding, disease resistant varieties to our highly trained technical and support staff

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
