TGA Sciences, Inc. is a contract research laboratory providing the Pharmaceutical, Biotechnology and Research communities a comprehensive range of laboratory services in support of research and clinical studies.

We offer the client a complete package of customized testing systems utilized in pre-clinical through Phase IV studies, all in compliance with cGLP and cGMP requirements. We specialize, and have extensive experience in, the development and validation of immunoassay systems for the detection of target molecules, antibody responses and quantification, all in total compliance with QA and cGMP standards.

TGA Sciences, Inc. also offers in vivo mouse studies for the optimization of vaccine immunization schedules, dosing, a adjuvant screening, immunogenicity testing for the release and stability of bulk and finished clinical product, as well as complete antibody development programs.

BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
