Vanda is developing important new medicines to improve the lives of patients. We use new technologies, including genetics and genomics, to inform our drug discovery, our clinical trials, and our commercial positioning of our compounds. We are working to advance the science of developing new medicines and to use novel approaches to deliver these new medicines to patients. Our CEO, Mihael Polymeropoulos, MD, founded Vanda in 2003. Previously, he founded and ran the Novartis global Pharmacogenetics department, one of the industry leaders. Prior to that he worked for many years at the National Institute of Mental Health and the National Human Genome Research Institute, where he did pioneering work in gene mapping. He founded Vanda in partnership with Care Capital LLC, the prominent biopharmaceuticals-focused investment firm, and Bio\*One Capital, an investment arm of the Singapore government with a focus on new biomedical enterprises. Vanda has assembled an experienced team and a stable of clinical stage compounds to deliver on its vision.

## BioCorporate Profiles - upgrade to a full profile

BioPortfolio's BioCorporate full profiles offers your organization the opportunity to increase internet traffic to your corporate web site and enhance awareness of your business, technology, products and services. BioCorporate profiles are dynamic and are updated weekly with new information sourced from core information resources: publications, clinical trials, patents and global news.

Why you should upgrade your BioPortfolio BioCorporate profile:

- the ability to amend and add information on products and services to your profile using a membership username and password
- the option to add a corporate logo
- the creation of high value URL links back to your organization's website which will improve search engine ranking - resulting in increased site traffic
- the option have your press releases published on BioPortfolio and distributed via our BioNewsCast service
- an enhanced BioCorporate profile will also improve your exposure on BioPortfolio's related service InDepth and GeneDB

The annual cost is \$995.00 for established organizations and \$495.00 for organizations less than 12 months old.
